

# Matching GIFTS

---

## Does the Company You Work for Have a Matching Gift Program?

This year we are making an extra effort to get matching donations from employers. As a 501(c)3 non-profit organization, the De Portola Middle School Foundation qualifies for matching gifts, but to receive a matching donation, the appropriate forms must be completed and returned to the company.

- Many companies (both large and small) offer employee matching gift programs. This means that when an employee makes a donation to a non-profit organization, the corporation will match that donation with an equal (or greater) amount to the same group.
- Donors who work for companies with matching gift programs can *double the impact* of their donation by soliciting a matching gift from their employer.
- Please check with your employer to find out if they have a matching gift program to make your valuable contribution to the De Portola Middle School Foundation go even further! Our 501(c)3 number is 33-0636383.
- Below is a list of companies that have participated in corporate matching programs. If your company does not appear below please check with your Human Resources Department. If your company does have a matching gift program and is not listed here, please let us know!

3Com Corporation  
3M
